

This is not a partisan protest against Sinclair Broadcasting's decidedly partisan forced airing of the "Stolen Honor" character attack against Senator Kerry--it is a PATRIOTIC PROTEST against turning our public airwaves into something unbefitting a free nation with a balanced media. Please help us to keep the public airwaves neutral, so that all views are equally and fairly represented without fear of reprisal for maintaining neutrality. When the well of information known as the American news media is contaminated with partisan poison, we all suffer and Democracy dies a painful death.
